Education

- M.Tech – Computer Aided Design/ Computer Aided Manufacturing (CAD/CAM), RTM Nagpur University, India, 75% – First Division with Distinction (2015)
- B.E. – Mechanical Engineering, RTM Nagpur University, India, 60% – First Division (2012)

Profile Summary

Experienced Engineer and Documentation Specialist with 11+ years in product design, documentation, and Python-based automation tool development for software, automation, and manufacturing sectors. Skilled in Creo Parametric, DITA/XML, API documentation, data analysis, and human-machine interaction. Strong technical communicator with an M.Tech in CAD/CAM, delivering integrated documentation solutions for global software and hardware applications.

Work Experience

Technical Writer Specialist

📅 Oct 2021 - May 2025

Fiserv (India) Pvt. Ltd.

📍 Pune, India

- Developed customer-facing, end-to-end documentation including API reference guides, DITA XML files, README files, and static/dynamic web pages for payment gateways and fraud monitoring platforms.
- Authored structured HTML/CSS-based help packages in coordination with architects, developers, and product teams.

Senior Technical Writer

📅 Aug 2018 - Sep 2021

Vertiv (India) Pvt. Ltd.

📍 Thane, India

- Created and published technical documentation and marketing collaterals for thermal and data center systems, including user manuals, case studies, e-brochures, white paper and HTML help files customized for the Asia-Pacific region with 3D illustrations and technical specifications.
- Collaborated with R&D teams in Shenzhen to develop structured installation and troubleshooting content for a device-based diagnostic interface used by field engineers.

Asst. Operation Manager

📅 Aug 2016 - May 2018

Transworld Technologies Ltd.

📍 Pune, India

- Created training materials and knowledge articles for service engineers and CRM teams. Developed HTML/JavaScript-based checklists and utilities to streamline troubleshooting.
- Designed and built an interactive, context-sensitive content system for GPS configuration and support, enabling real-time diagnostics and usage analytics from smart sensor data.

Employment History

Designation	Organisation	Duration
Research Consultant	Technovision Technologies Pvt. Ltd., Nagpur, India	Sep 2013 - Jun 2016
Quality Engineer	Square Engineering Company, Pune, India	Jun 2012 - Jul 2013
